Holy Spirit show us Jesus
C/E Gsus G
How we long for clearer sight
Am Am/G F C/E
Rend the veils that still ob - scure Him
Dm7 C/E Gsus G
Flood our darkened eyes with light
Am G F C/E
How un - searcha - ble the riches
F C/E Dm7 C/E G
Of our fathom - less I AM
C F
Tenderness and fearful glory
C/E F G C
Friend of sinners, purest Lamb

VERSE 2
Fill our vision with his glory
Self diminish, Christ increase!
May his light cast out our darkness
May his promise bring us peace
When at last we see him truly
Truly then ourselves we'll be
Sinners reconciled for glory
Captive hearts at last set free

VERSE 3
Every day we wait to see him
Swirling sea is all around
How my restless spirit needs him
He alone is solid ground
When we see the cross that saves us
And behold his risen life
There we know the love that holds us
Ever safe in Jesus Christ

VERSE 4
(Tag)
Speed the day our eyes will see him
O what joy that day will bring
Evermore to search the riches
Of our everlasting king!
